

Angel Romero: In Concert

Mel Bay proudly presents Angel Romero: In Concert. This collection features some of Maestro Romero's most famous and best-loved repertoire, with Romero's own arrangements, edits, dynamics, fingerings and musical suggestions. The book contains some of the most dynamic music performed throughout Romero's career, including favorites by composers such as Bach, Scarlatti, Debussy, Satie and more. Romero took the world by storm with his expressive, communicative and virtuosic musical spirit, and these arrangements capture and highlight that dynamism in all its splendor.
