

The 2009 Import and Export Market for Beauty or Make-Up Skin Care Preparations, Sunscreen, Suntan Preparations, and Manicure and Pedicure Preparations in Sweden

On the demand side, exporters and strategic planners focusing on beauty or make-up skin care preparations, sunscreen, suntan preparations, and manicure and pedicure preparations in Sweden face a number of questions. Which countries are supplying beauty or make-up skin care preparations, sunscreen, suntan preparations, and manicure and pedicure preparations to Sweden? How important is Sweden compared to others in terms of the entire global and regional market? How much do the imports of beauty or make-up skin care preparations, sunscreen, suntan preparations, and manicure and pedicure preparations vary from one country of origin to another in Sweden? On the supply side, Sweden also exports beauty or make-up skin care preparations, sunscreen, suntan preparations, and manicure and pedicure preparations. Which countries receive the most exports from Sweden? How are these exports concentrated across buyers? What is the value of these exports and which countries are the largest buyers? This report was created for strategic planners, international marketing executives and import/export managers who are concerned with the market for beauty or make-up skin care preparations, sunscreen, suntan preparations, and manicure and pedicure preparations in Sweden. With the globalization of this market, managers can no longer be contented with a local view. Nor can managers be contented with out-of-date statistics which appear several years after the fact. I have developed a methodology, based on macroeconomic and trade models, to estimate the market for beauty or make-up skin care preparations, sunscreen, suntan preparations, and manicure and pedicure preparations for those countries serving Sweden via exports, or supplying from Sweden via imports. It does so for the current year based on a variety of key historical indicators and econometric

models. In what follows, Chapter 2 begins by summarizing where Sweden fits into the world market for
