

The Axiom Few

Archer, Geek and Davey are The Axiom Few, a small band of freelance techno-graduates who operate on the edge of science in a future London. Welcome to the test-shack. This short story collection contains three previously published stories and five that are new to this release. Reviews of The Axiom Few... Come on, Channel 4, there's a series waiting to be made here... - SFCrowsnest.com... A good old fashioned (yet high-tech) tale of approaching apocalypse, this story served to remind me just what unpretentious science fiction can do when written by someone who clearly relishes every word... - Whispers of Wickedness... Beautifully crafted... Annieworld... a nicely told story of alternate realities... SFRevu
