

The Fantastic Forty Something

Which is more dangerous? Hunting down a bloodthirsty killer or trying to control a rebellious teenager? Superheroine Whip Smart is about to find out. After her mentors gruesome murder, down-and-out fortysomething Whip Smart emerges from early retirement only to discover that crime fighting has changed. A lot. These days, New Yorkers idolize the cocky, super-powered twentysomething hotties of the New Crew. Theyre already on the case, and two steps ahead of Whip Smart. To top it off, Whip Smart is a single parent to her feisty sixteen-year-old daughter, Violet, who has a bad case of raging hormones. Can Whip Smart outmaneuver the New Crew and stave off eviction? Can she defeat the deadly superfoe and still get her daughter to come home by ten? And how will she ever get a date when men keep calling her maam? A humorous, page-turning adventure story filled with twists and turns. Youll laugh. Youll gasp. Youll buy a pair of tummy-reducing tights.
