

Archibald Malmaison (Gothic Literature)

Archibald Malmaison by Julian Hawthorne
Fiction and Literature, Gothic Literature
Archibald Malmaison was the second son of Sir Clarence Butt Malmaison, of Malmaison, Sussex. He had the odd distinction of being born on the 29th of February, 1800. His elder brother, Edward, born 1798, died before him, as will be hereinafter shown. There were no other brothers, but four girls appeared after Archibald, two of whom died in childhood of scarlet fever, while the other two grew up to be married. They have nothing to do with the story, and will not be mentioned again. The Malmaisons, as their name denotes, were of French descent--Huguenots. Like many other emigrants, they yielded, in the course of a generation or two, to a barbarous mispronunciation of their patronymic, which came to be spoken of as if spelt Malmsey. How it happened that the chateau of the Empress Josephine was christened by the same name, I know not; at all events, the Sussex Malmaisons have prior claim to the title. The estate, which embraced between seven and eight hundred acres, lay in that portion of the county which borders upon the junction line of Kent and Surrey. Colonel Battledown, the Peninsular soldier, owned the adjoining estate in Kent; while the Surrey corner was occupied, at the epoch of this story, by the Honorable Richard Pennroyal--he whose father, Lord Epsom, is said to have won ninety thousand pounds from Fox in a single nights play. The three families had been on a friendly footing with each other ever since the early part of the reign of George III.
