

Sons of Vegas

All aboard the Misery Train! Welcome to the most fabulous place on Earth! Las Vegas represents the truth of life: that we are all coming and going, some more than others, and we are never truly a resident, ever a transient. The interminable fact of our existence is constantly played out with the roll of the dice, and the odds are always on the house. Within this tawdry, terrible, trashy tome you will find much woe and despair. So beware! And thus, the Trilogy of Misery comes to a close: Welcome to life explained. Welcome to Vegas. Henry Dobbs: a man of many scars. He went on an adventure. We know not when hell return, if he ever does. But he is exactly where he is supposed to be-Proximi Summa. He loves what little remains of his family, and, most of all, he wants his little sister returned; for his family deserves to be made whole, however impossible. Carpe Diem Adventurarius! Inveni Pacem.
