

The Paths of Destiny: Introduction to an Ancient Tool for Self-Understanding

The question of destiny is surrounded by mystery. Are we alone? Are we left clueless about the most important issues of our life? Is there any way to find the answers to the four major questions we all have: Who am I? What is the purpose of my life? What am I doing here? Who is my Creator? Perhaps there is a plan for each of us, as hinted at in the Bible: Even the very hairs of your head are all numbered (Matt 10:30). If such a plan does exist, is it hidden from us or are we allowed to see whats in store for us? The Bible describes early in Genesis the Creators intent to leave lights in the sky for signs and for seasons (Gen 1;14). This book is an introduction to one of the oldest and most persistent methods used to understand and decipher the maps of our personal destiny.
