

Ghosts: An Accidental Turn Novella

For seventeen years, Bevel Dom has been the author of his own story. Or, rather, has been the author of The Tales of Kintyre Turn, the illustrated scrolls chronicling his adventures as first the squire, then the colleague, and then finally the friend of legendary hero Kintyre Turn. But there are some stories that Bevel doesn't write down, doesn't tell to eager audiences of bright-eyed boys and sighing bar wenches in taverns. Some he simply folds into his heart and keeps. This is one of those tales. In this prequel novella, fans of The Accidental Turn Series are offered a glimpse into the lives of Bevel Dom and Kintyre Turn shortly before their arrival at Turn Hall and the events that follow, further expanding upon the world and characters seen in The Untold Tale and the upcoming sequel, The Forgotten Tale, coming Summer 2016.
