

The Last of the Sabre Fangs (The Guardians of Yedidya Book 1)

EXILED The moon goddess has awoken from a poisoned sleep and in the fall out from the Wars of Yedidya, the Sabre Fang breed of dragon has been marked out as corrupted by the dark and must be punished. The breed is innocent but in the aftermath of chaos and with a need for blame they are easy targets to the others. The remaining youngsters on the continent of Dragondera are exiled onto the notorious Isle of Unforgiving to await their death!

COMPLICATIONS Tensions in the group are high as the young leader Gordion forces strict rules upon the group in order to allow them to live in this wretched world. But the other dragons do not like the idea of being hired mercenaries for the denizens of the Heart of Hell and the rule on no offspring is considered foolish. But Gordion will remain the boss unless the support from the eldest female, Quella, is lost.

KHAN After an argument Quella wanders from the group and meets trouble on the edge of the Gatekeeper Mountains. Here she not only kills for the first time in her life but adopts an albino youngster she names Khan. But when the baby is brought back to the group a storm will break and a new path will be set for.
