

Wanted Man: Part One

After the death of her father in Kansas, Emily Anderson is forced to travel the rest of the way to their new home in Arizona Territory, and finds herself in a new, wild land, completely unlike the Virginia plantation she was raised on. And when her life is saved by Royston Glass, a notorious outlaw, she finds that the heart will want what it wants, regardless of the different worlds that they come from and his infamous reputation for being a heartless criminal.
