

Taking Flight

Jeremy Walshs parents assume hes been abducted by the elderly man he met on a cross-country flight, but its the other way around. Two unlikely companions meet in midair: 13-year-old Jeremy, sent against his will by his career-absorbed father to spend the summer with his bipolar mother, and Harry, one-legged and afflicted with mid-stage Alzheimers, who escapes the confinement of home for what may be his last adventure. Their journey begins, trailed by Harrys wife and Jeremys parents, who threaten to cut it short. Its a race against time and circumstance. In Adrian Magnusons Taking Flight a curmudgeon losing his memory and a snarky teen fleeing his parents find a common passion in bird watching. Endearing characters, delightful story and a poignant final scene give this book wings along with the beautifully depicted birds. Frances Wood, author of Brushed by Feathers: A Year of Birdwatching in the West Taking Flight is an evocative and moving contemporary novel. It is, at every level, a story about love. For one character it is a coming of age tale, for the other the end of an age. Both are runaways, yet each ultimately is searching for home. I highly recommend this heart-touching, beautifully written book. Andrea Hurst, president of Andrea Hurst Literary Management Filled with well-developed, real-life characters, Taking Flights heart-breaking but satisfying story hits on all cylinders: action, comedy, and emotion.
