

## The Crossing: On Track But Off Course (Volume 3)

Life after divorce was lonely for Landon Jeffries when Derailed came to end. As her luck would have it, she finds herself at the heels of an unexpected love encounter with a man she had only met twice, but left a lasting impression on her. Her heart still has traces of her ex-husband Todd in the midst, but in *The Crossing* her body completely belongs to Detective Reed. Unable to explain the burst of emotion she feels for this man, Landons decision making and overall change doesnt sit well with Todd who regrets letting her slip through his fingers. He watches on in agony as the love of his life falls for another man, and experiences a series of disappointments. Jules and Jen embark on a changing scenario of living arrangements to satisfy Jens desire to be close to her son. Jen contemplates making her move for her inheritance against the advice of Jay who now finds himself at the forefront of his sons mothers protection. He and Millicent continue to prove everyone wrong about their love as Launa, Landons sister emerges from the background as the lover of Jules brother, Juan, whom she met at the wedding. Tammys interference as well as Landons sudden love interest force Millicent and Landon to meet and discuss their friendship, while Love, Sex, and Suspense continue to unfold in *The Crossing*.
