

Nathan Griffith: The Untold Odyssey

Nathan Griffith knows he is no ordinary boy. That, he is certain of. When he begins to discover the extent of his unique abilities, the townsfolk of his village, Soddewood, recognize him as a member of an ancient race thought to have existed only in fable and fairy tale. In fear, they call upon the might of the great Lord Okranovath and his wicked hunters. With the help of his most trusted friends, Nathan escapes before the arrival of the dreadful beings who seek his life. As punishment for letting Nathan flee, Lord Okranovaths hunters demand unfair compensation payments, burning the local farmers crops, killing their animals, taking valuables, and most devastatingly to our Nathan, capturing his parents. After the mayhem, Professor Thatcher, Nathans beloved teacher, proposes that he and his friends depart to the Virodyne Mountains, a region half way across the province of Fanara. There, they will find the professors old master, a man of incomparable strength and wisdom, whom they hope to be assisted by. The children, without a home to remain in, begin their epic adventure across massive landscapes, mysterious caves, and wayward citiessetting upon unknown creatures and encountering the true mystique of the world they live in, in search of an old man they know nothing about, for he may be their only hope. Whilst their journey across Fanara is faced with intense hardship and significant emotion, the experiences they endure strengthen them as individuals and as friends. They are taught many of lifes vast lessons. But is their teachers master going to be enough to resolve this conflict? Will he be enough to allow young Nathan to see his parents once again? What really awaits our heroes through this unexpected adventure? Having never left their hometown, these very horrific thoughts haunt the children as they stride forward into the enchanting, untold odyssey

beyond. Find out what their journey entails in this first epic installment of the multi-novel Nathan Griffith Series.
