

English Literary Miscellany (Classic Reprint)

Excerpt from English Literary Miscellany
The papers herein presented are discussions within the definite province of English Letters. They are developed along historical and critical lines, and they seek to relate the study of our vernacular literature with the manifest progress of English thought and life. As will be seen, some of the topics treated are of a general, comprehensive nature and range, but are sufficiently illustrated by concrete example to make them intelligible and practically helpful to the literary student, while others are more specific. The articles have all appeared in the Bibliotheca Sacra. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
