

Warriors and Goddesses: Random Mode

Sisterhood, brotherhood, sex and power were the only concepts the natives on Androgynous Prime had lived by for a millennium, until an alien male from Earth called Darkasan was brought to their world by a marooned super being called Goddess.

Although initially a slave, the earthling slowly warmed the heart of the cold and ruthless seductress, Dieema. Upon the Goddess departure the seeds of civil relationships and romance take root among the most unlikely members of mercenaries, predators and seductresses, caused by the sexually charged shockwave from the deities exiting wake. Amidst a backdrop of cataclysmic changes, would-be-lovers Dieema and Darkasan struggle on separate paths, overcoming treacherous obstacles, as they trudge on not knowing each others fate, or the possibility of eventual union. Neither is prepared for their journeys most unexpected and soul-wrenching climax. Random Mode is the second book in the Warriors and Goddesses series.
