

## Pumpkin Spice Latte Short Stories

The Art of Lying is the story of a truthful man who is locked into a crazy game of lying with an eccentric family who recognize all his lies as truth. Horror, Thick Gloom, and Black Terror is a mystery. It was a sentiment she couldn't undo. She thought that he must die. She marveled how she had ever thought of partnering with him. She had suffered under his wandering smile, roving eyes, and lying lips. He believed the whole universe was false. Then one night a new truth struck him. A moment's peace in the world could be found if she were to die. Trouble was just ahead. Its in the Numbers is a story which uses humor to take a much more serious look at the destructive potential of mice. This woman who hunts them wants Mickey and Minnie Mouse stone, cold, dead. Intelligence Bordering on Lunacy tells the story of a madness of alarming proportion. She decided to genetically produce a combo of sheep, horse, and pig where the animal would be covered with fleece, pull a plow, and could be eaten in the shortest time. A large sheep was selected, small horse, and super fat pig. She decided under a bubbly pleasure of madness to call her newly formed creature a Labackane. Unfortunately, experiments don't always succeed in this humorous spoof about genetic experimentation.
