

## Boyhood Adventures

A sortie involving a moonless visit to a cemetery reputed for supernatural and threatening manifestations qualifies as a worthy nocturnal event for the boys. A condemned structure - formerly serving the county as a prison for the criminally insane is deemed irresistible. But highest on their list of destinations for adventure is a place that will haunt their memories forever: the old Gramercy house. Known by most students attending College Hill Elementary School, it is as a place of infamy, occupied by restless spirits who horrifyingly repel trespassers. Rumors about the place motivate any normal, red-blooded, adventure-seeking country boy to be drawn past the front gate. Such was the case for Lee Farmer, Dennis Williams, and - reluctantly - Frank Cherry in October of 1953.
