

The Asparagus Theory

As Elise speeds down Interstate 275 with a man drugged and bound in the trunk of her Lexus, she knows that being a member of the South Tampa Sexy Scribes writing group is not what she envisioned. Every time she and aspiring authors Sam, Jackie, and Gigi get together, drama and chaos ensue. After a challenge to heat things up in the bedroom by serving asparagus to their significant others, the women find they are involved in much more than working on their unfinished manuscripts. A sexy encounter on the beach, a wild time at the Gasparilla Pirate parade, and a crazy kidnapping may not have been in the meeting plans, but these adventures seem to be exactly what they need to grow as women, friends, and authors.
