

Catwoman #1

With only one limited series to her credit in her entire 50 year history, Selina Kyle finally stole the spotlight in her first ongoing series by writer Jo Duffy and artist Jim Balent. Spinning out of the pages of the large scale Knightfall crossover, Catwomans adventures began when the criminal Bane sought to have some control over her. With an emphasis on international intrigue as well as the occasional jewel heist, Catwoman delivered nonstop action for 94 issues before being relaunched into a second series. Catwoman gained her own rogues gallery in this series including Hellhound, Cyber-cat and She-cat.
