

Await Your Reply

From the award-winning author of *Among the Missing*, *Fitting Ends*, and *You Remind Me of Me*, comes an ambitious, gripping, and beautifully written new novel about identity and identity theft, in the tradition of *The Talented Mr. Ripley* and *Case Histories*. Three strangers who are trying to find their way in the wake of loss become entwined in an identity theft scheme, which has a resounding impact on them all. At once a gripping page-turner, a gorgeously written psychological study, and a meditation on identity in the modern world, this is a literary novel with the haunting momentum of a thriller.
