

The 2009 Import and Export Market for Transmission Equipment for Cordless Telephones and Wireless Telegraph, Radio Broadcasting, or Television Equipment with Reception Apparatus in Hungary

On the demand side, exporters and strategic planners focusing on transmission equipment for cordless telephones and wireless telegraph, radio broadcasting, or television equipment with reception apparatus in Hungary face a number of questions. Which countries are supplying transmission equipment for cordless telephones and wireless telegraph, radio broadcasting, or television equipment with reception apparatus to Hungary? How important is Hungary compared to others in terms of the entire global and regional market? How much do the imports of transmission equipment for cordless telephones and wireless telegraph, radio broadcasting, or television equipment with reception apparatus vary from one country of origin to another in Hungary? On the supply side, Hungary also exports transmission equipment for cordless telephones and wireless telegraph, radio broadcasting, or television equipment with reception apparatus. Which countries receive the most exports from Hungary? How are these exports concentrated across buyers? What is the value of these exports and which countries are the largest buyers? This report was created for strategic planners, international marketing executives and import/export managers who are concerned with the market for transmission equipment for cordless telephones and wireless telegraph, radio broadcasting, or television equipment with reception apparatus in Hungary. With the globalization of this market, managers can no longer be contented with a local view. Nor can managers be contented with out-of-date statistics which appear several years after the fact. I have developed a methodology, based on macroeconomic and trade models, to estimate the market for transmission equipment for cordless telephones and wireless telegraph, radio broadcasting, or television equipment with reception apparatus for those countries

serving Hungary via exports, or supplying from Hungary via imports. It does so for the current year based on a
