

## Saga of the Fallen (Vatican Chronicles Book 2)

Dion is given her first solo case, others are being killed and made to look like a suicide. She must follow the clues that will lead her on a path to the past that will potentially lead to the end of humanity. Liam and the others are ordered to work a separate case, a case that comes dangerously close to putting Dion in the cross hairs. Will they be there in time? Dion and her friends must work together with some unlikely allies in order to save humanity and themselves. Will they be too late, or will events that were set in motion centuries ago thrust them into the ultimate fight of good and evil?
