

Life Through the Eye of Perception

What is perception? What is this word that rules your life without you even realizing it? Perception is a silent dictator in how you witness and experience life. It dictates into the quality of your everyday life, your successes, your relationships and every experience that makes up your memories of a life well lived. Take back your life and experience! Give your life more meaning by understanding the dictatorship of Perception and how you can choose to improve the quality of your every moment in time. This book intends to empower you to improve your Self-awareness, improve your relationships, your family life and help you to be wholly successful in life.
