

My Wives the Least of it

The story of My Wives the Least of It centres on Mr Baldrige, a one-time novelist married to a mad millionairess. He becomes a respected figure and, by his 61st birthday, can congratulate himself on reaching a disciplined, discreet maturity. Then an early novel of his - Dixie - is recognized as a possibility for a film ... and Mr Baldridges hard-won philosophical calm is threatened by the endless vicissitudes and absurdities of the film industry.
