

## The Yearling

In this classic story of the Baxter family of inland Florida and their wild, hard satisfying life, Marjorie Kinnan Rawlings has written one of the great novels of our times. A rich and varied story - tender in its understanding of boyhood, crowded with the excitement of the backwoods hunt, with vivid descriptions of the primitive, beautiful hammock country, with lusty humor and earthy philosophy - The Yearlings a novel for readers of all tastes and ages. Its glowing picture of life that is far and refreshingly removed from modern patterns of living becomes universal in its revelation of simple, courageous people and the abiding beliefs they live by. N.C. Wyeth, illustrator of many classics, went to Florida to study the settings for the pictures.
