

Forced by the Caveman Dillon (Lost in Time)(Time Travel)(Prehistoric)

GEEK GIRL DILLON MEETS HAIRY CAVEMEN. Dillon is sent back in time to prevent her talking. She is a techno geek unsuited for the wild. She has a number of near death adventures on her own. Then she meets Urrgh. He is a cave man, a man of few words and a lot of hair. He saves her life and wants her. Um-ba, another caveman wants her too. This eBook has: a roller coaster ride of action, adventure, time travel, dangerous beasts, a time traveling geeky woman, horny cave men, several erotic scenes, a giant spider, a cave bear, a river monster, and a Saber Tooth Tiger. All monsters and people are over 18. Excerpt (edited): Urrgh shoved her down upon the furs and began licking and kissing her neck. His hand strayed to her body, his calloused hand starting delicious feelings to radiate outward from the source. His hairy body rubbing against her was titillating and sensuous. She felt the coiled steel in his body and muscles. He turned her over with barely any effort, her weight like a feather to him. The hair on his arms and torso tickled and stimulated her oversensitive nerves. She was very turned on. He was going to take her soon ... she wondered what it would be like with all that hair.
