

A Joosr Guide to... The Organized Mind by Daniel Levitin: Thinking Straight in the Age of Information Overload

In today's fast-paced world, it's tough to find the time to read. But with Joosr guides, you can get the key insights from bestselling non-fiction titles in less than 20 minutes. Whether you want to gain knowledge on the go or find the books you'll love, Joosr's brief and accessible eBook summaries fit into your life. Find out more at joosr.com. If you've been experiencing mental overload and excess stress, you're not alone. Put into practice what highly successful people have known for years and you will reduce stress, enhance creative thinking and increase your productivity. The *Organized Mind* by Daniel J. Levitin teaches us how to avoid wasting our precious intellectual power on physical and mental clutter. By organizing our mind, our time and our home we will be able to free our brain from common distractions. This will allow us to focus on the things that are really important to us, whether they be creative endeavours, other people or our work. Why waste time searching for a file, our reading glasses, that important piece of mail, or Scotch tape? Instead, organize your mind and your environment and you'll be happier, less stressed and way more productive. You will learn: Why multi-tasking doesn't work What small steps you can take to start organizing your home Why sleep is an investment, not an inconvenience.
