

# Mrs. Sissi and The Cat: The famous Tunisian folktale in English / Chinese (Chinese Edition)

Mrs Sissi and the cat is the famous Tunisian folktale passed through the generations among the oral literary heritage, simply called Ommi Sissi in Tunisia. A tale or a fable that every Tunisian knows since their earliest age (as if innately!) but has never read! A very funny story as much for children as for adults. It all begins when Ommi Sissi, a devoted and organized houwswife, finds a silver coin. This event drastically changes her daily routine ... and that of Gattous, the neighbors cat! The author presents this beautiful childrens story in different languages: English, French, Italian and Spanish, Cinese, Japanese! Readers have the opportunity to enjoy a funny folktale in their first language and improve their skills in the other languages, by making comparisons between 2 or different versions.
