

The Journey Durant Box Set : The Bed She Made & To Be Her First: Authors Cut Delux Box Set with Bonus Chapter & Epilogue

100s of 5-Star reviews! For the first time ever, this award winning story is available in a complete set! Readers are calling it heartwarming, an emotional roller-coaster, and the best coming of age story ever written. This Deluxe Box set begins with To Be Her First, the young adult prequel that explores the choices made by lovable wild child Journey Durant. The prequel leads up to where the award winning novel, The Bed She Made, begins. THE BED SHE MADE Journey Durants father warned her, Someday youll have to lie in the bed youve made. But she didnt believe him...until now. She has just received news that her ex-boyfriend is about to be released from prison, and this reformed bad girl cant shake the feeling that her troubled past is coming home with him. The town of Emerson, Georgia has forgiven and forgotten her involvement in the most publicized tragedy in the towns history, but only because of her three year absence, her prominent Southern Baptist family, and her marriage to the closest thing her small town has to a superhero. Bullets and emotions fly, leaving Journey to realize that no matter what penance she has done for her past, the mistakes of her youth still carry unpaid penalties.
