

Ravens and Writing Desks: The Untold Life of the Mad Hatter

Everyone knows the tale of Alice, the young girl who found herself in the magical fantasy world known as Wonderland. However, no one knows the tale of the residents of Wonderland that existed long before Alice was even born, including that of a young hat maker named Jack. Jack has resided in Wonderland ever since he was orphaned as a child and adopted by a family of rabbits. Now an adult, Jack finds himself in a struggle against the tyranny of the King of Hearts, a brutal dictator who rules over Wonderland with an iron fist. With the aid of his family and a group of steadfast revolutionaries, Jack will search for a way to end the Kings murderous regime and banish the madness out of Wonderland. It is a story of bravery, love, sacrifice, danger, and how one man must use cunning, strength and bravery to save his country, and keep his head. Its a trip down the rabbit hole you wont soon forget.
