

Bioceramics: Materials and Applications V: Proceedings of the 106th Annual Meeting of The American Ceramic Society, Indianapolis, Indiana, USA 2004, ... Volume 164 (Ceramic Transactions Series)

This proceedings includes papers on ceramics and glasses used in biomedical, dental and biological applications, including biomimetics and natural bioceramic materials. Topics include: materials; applications; biomimetic materials and synthesis; structure/properties of natural ceramic-based materials; behavior in biological environments; and synthesis, processing, characterization, and properties.
